Postponement of the project meeting:

The project steering committee of RIPEC has reunited online to discuss the project implementation and the new project developments. Unfortunately, the PSC decided to postpone the next transnational project meeting, which was supposed to take place in Poland in the first week of March. But in the spirit of the project, a solution has been found that allows us not to give up the wonderful opportunity to meet all together in presence, postponing the meeting to a safer time.

Stay tuned for the updates 😊

8th February 2022:

Erasmus+ Programme anniversary:

This year marks the 35th anniversary of the Erasmus Programme!

Here are some facts to celebrate:

In these years 10 million students, teachers and staff members travelled the world, studying, teaching and improving their skills.

Furthermore, the Programme has created, and continues to support, a real opportunity to meet new cultures and establish lasting relationships between the community.

Last but not least, it has improved the cooperation between EU and non-EU states on different topics, such as environmental protection, digitalization and research.

We strongly believe in the power of the Erasmus+ Programme and we all try to honor its values and today we want to wish "happy birthday" and a long life to this wonderful program!

22nd February 2022:

KA2 project applications deadlines:

!!The deadlines are approaching!!

As we all know, the end of March will mark the deadline of many KA2 projects applications. Given the current pandemic situation, are you planning on having many in-person meetings? Are you going greener and choosing to have virtual meetings?

Contribution in helping Ripec's project to improve:

 Dear international students, staffers and teachers, the RIPEC project needs you!

By clicking on the following link, you'll be able to connect with our Chatbot, a tool designed to give assistance to every one (student or staff member) in case they need to face an emergency while in Erasmus mobility.

If you want to help us improving it, try it out and leave your feedback in the comments below or via the project email!

Thanks for the feedback!

The consortium would like to thank everyone who took part in the testing of the chatbot these days. Both from partners and externally we have received valuable feedback and are now in a final testing phase before launching the chatbot on our site.

Haven't given your feedback yet? Don't worry, there is still time to test the chatbot on our site.

Greetings! How can I assist?
