

S-DIY

The S-DIY – Sustainability for Diversity Inclusion within Youth Project aims to promote active engagement in EU and global citizenship and lead to contribute to the EU's implementation of the Sustainable Development Goals (SDGs), according to the priorities dictated by the EU Council and EU youth policy.

OBJECTIVES

- Record best practices on how to promote inclusive dialogue among youth from different social groups, including minorities
- Record best practices on how to promote youth debate on international sustainability and active EU/global citizenship
- Raise interest in the SDGs and their implementation in the EU among youth from diverse backgrounds
- Test an inclusive simulation model on the implementation of the SDGs in the EU

ACTIVITIES

- Project Management
- Platform for dialogue on environmental sustainability goals
- Public debates
- Dissemination Strategy
- Final Conference

RESULTS

- Development of a platform for dialogue on environmental sustainability goals
- Implementation of public debates
